^{*}Elders elected to preside in the absence of a Bishop.

In 1844 the great division occurred, and in 1845 the Methodist Episcopal Church, South, was organized. The Holston Conference passed under the supervision of the new church. But after a lapse of twenty years the Holston Conference was reorganized, 1865, in Athens. Tenn., under the presidency of Bishop David W. Clark.

OUR DEAD

"These all died in faith, not having received the promises, but having seen them afar off, and were persuaded of them, and embraced them and confessed that they were pilgrims and strangers on the earth."—Heb. 11:13.

REV. J. L. CARDWELL

REV. W. G. SLIGER

MEMOIRS

Service in Memory of our Honored Dead.

In the opening session at Knoxville, occurred a most impressive memorial service, J. J. Manker presiding. J. D. Robinson delivered the general memorial address.

The following memoirs were read; J. L. Cardwell, W. G. Sliger, P. H. Henry, and J. S. Petty, respectively by T. R. West S. P. Angel J. W. Boling and J. J. Manker.

R. J. Cooke with a beautiful tribute to J. S. Petty followed the reading of the papers and Bishop Anderson led in prayer.

Joseph L. Cardwell

Rev. Joseph L. Cardwell son of John Cardwell and wife was born on Panther Creek in what is now Hamblen county Tenn. Sept. 20 1832, and departed this life at his home at Sulphur Springs, Hamblen county, Tennessee, October, 20, 1910, age 78 years and one month. His youthful days were spent on the farm. His opportunities for receiving an education were very limited, but sufficient to enable him to teach school in his young manhood. Fortunately for Brother Cardwell, he was raised in a Christian home surrounded with Christian influences, and while quite young he accepted Christ as his personal Saviour and joined the Methodist Church. When a you gimen he received license to preach the gospel, and as a local preacher he served the Church until 1866, at which time he was received on trial in the Holston Conference. He was received into full membership in the conference in 1868, and was a faithful pastor until 1899, when he received a superannuated relation to the conference, which relation he sustained until his death.

Brother Cardwell traveled some of the best charges in the conference, such as Parrottsville, Rutledge, Rogersville, Romeo, Oakland, Rheatown, Johnson City Circuit, Morristown, Thorn Grove, and other charges of equal grade; many of these he served a full term to some of them he was returned for a second term.

Brother Cardwell was married September 12, 1852 to Miss Emily C. Miles, with whom he lived happily until she departed this life July 4, 1897. He married as his second wife, Jan 15, 1898, Mrs. Henrietta Lepard, who survives him.

Notwithstanding Brother Cardwell's education was limited, he was a close student of the Bible. He read many of the best Theological books that he could secure in his day, and upon the great truths of the Bible he built his sermons, which were so effectual in leading men to accept Christ as their Savior. Brother Cardwell was endowed with good natural ability, good delivery; he possessed a fine voice, and was a great lover of music and often moved his congregation with the power of song.

Brother Cardwell was a most excellent pastor, always becoming

acquainted with his people in their homes. He was a man of deep piety, able in prayer, a popular preacher in his day. He was a good revivalist; many of our best people in the bounds of the charges he served were converted under his ministry. But a few days since I heard a minister say in an experience meeting that he was led to accept Christ through the ministry of Rev. J. L. Cardwell, and many in that day will own him as their spiritual Father. For more than two years he was a great sufferer, but manifested great patience, never complaining of his lot, but rather rejoiced in the grace that sustained him, and often gave expressions of great joy when his friends would sing some of his favorite songs. His heaith gradually failed him and quietly and victoriously he passed into his Heavenly Home respected and beloved by all.

"Mark the perfect man and behold the upright, for the end of that man is peace."

Servant of God, well done, Thy glorious warfare past; The battle fought, the race won, And thou art crowned at last.

W. G. Sliger

Rev. William Sliger was born in McMinn county, near Athens, Tenn, January 4, 1848, and departed this life May 18, 1911, aged 63 years, 4 months and 14 days.

He was converted at the tender age of twelve years and immediately united with the Methodist Episcopal Church.

On October 7, 1866 he was united in holy wedlock to Miss Phoebe. Knox; to this union were born nine children, four of whom preceded him to the grave.

He was licensed to preach September 4, 1869. He never joined the conference but served many charges as a supply, with great acceptability.

At our conference at Athens last year, he was assigned by G. T. Francisco to the Inskip Church which he served faithfully until his health failed a few weeks before his death.

He was a kind husband and father, a good gospel preacher, and a loyal citizen. Besides serving the church for almost fifty years, he also served his country as a soldier for three years during the struggle of 1861-65.

His funeral was conducted at Inskip by G. T. Francisco, assisted by S. P. Angel. His remains were laid to rest in Tranquility cemetery, McMinn county, to await the "Resurrection of the Just."

P. H. Henry

Rev. P. H. Henry was born in Blount county, Tenn., March 25, 1838 and died June 25, 1911. He left a widow, Mrs. Margaret

Elizabeth F. Henry, three daughters, Mrs. Alice Rauiston, Mrs. D. F. Young and Mrs. J. L. Edmondson; also four sons, George, S. P, Hugh and James.

He professed religion early in life and joined the M. E. Church, continuing a member of this church until his death.

It was natural to him to become a Methodist preacher. Bishop Bowman ordained him deacon at Greeneville, Tenn., October 3, 1875. Bishop Simpson ordained him elder at Chattanooga, Tenn., October 3, 1882.

He sustained a traveling connection in this conference 23 years. He served the following charges: Madisonville, Beaver Ridge, Maryville, New Salem, Little River, Scarborough, Wear's Valley, Dandridge, Fair Garden and Loudon.

He was loyal to his church. No charge was too hard for his heroism. He preached the doctrines of his church and believed in them thoroughly.

No one who knew him could gainsay his religion.

He was a faithful husband and devoted father.

His patience in his last sickness was characteristic of his life. Dr. J. J. Manker had charge of his funeral and his body was buried in city cemetery at Maryville, Tenn.

John Summerfield Petty

John Summerfield Petty, son of the Rev. James Spilman and Mrs. Margaret Eleanor Petty, was born at Falmouth, Stafford county, Va., June 24th, 1838, and departed this life at his home in Morristown, Tenn., February 4th, 1911. While he was yet a boy his parents moved to Washington, D. C., where he availed himself of the advantages of the public schools of that city. In 1855 he went to Strasburgh, Pa., where he began an apprenticeship as millwright, and worked at his trade until 1861 when he went to Ohio, where for a time he taught school, and later attended the Vermillion Institute at Hayesville, Ohio. While yet at Strasburgh, Pa., he made profession of religion and united with the Methodist Episcopal Church at that place under the pastoral labors of the Rev. William Rink of the Philadelphia Conference, in February 1860.

In September 1862 he enlisted as a private soldier in the service of his country in Company C, 120th Ohio Infantry Volunteers. His intelligence and fine soldierly qualities soon won promotion, and he was appointed First Lietenant and Adjutant. During the Red River expedition under General Banks his regiment was so decimated that it was reduced in number below what was required for regimental organization, and it was on that account consolidated with the 114th Ohio Infantry. In this new organization he still retained his position as First Lieutenant and Adjutant, serving all through the campaign at and about Vicksburg, and until the close of the war, when he was mustered out with his regiment at Columbus, Onio, August 1865.

He returned to his home in Virginia and in December 1865 was married and went to Kink's Creek, Ohio. In 1866 he was licensed to preach by the Groveport Quarterly Conference, the Rev. James M. Jameson being the Presiding Elder, and the charge a part of the North Ohio Conference.

Brother Petty was admitted on trial in the Holston Conference at the session held at Greeneville, Tenn., in May 1866, Bishop Davis W. Clark presiding. From that time until his last fatal illness Brother Petty continued in active and faithful service in the Holston Conference. At the conference held at Morristown, October 1909, when it was thought that he could live but a few weeks at farthest, he was placed on the superannuated list, having served uninterruptedly for forty-three years and five months.

His appointments in the conference were: Jonesboro 1866-67, seventeen months; First Church, Knoxville 1867-68, one year; Jonesboro 1868-69, one year; Athens 1869-70, one year; Athens Circuit 1870-72, two years; Athens 1872-74, two years; Greeneville 1874-76, two years; Chattanooga District 1876-80, four years; Greeneville 1880-82, two years; Greeneville District 1882-86, four years; Morristown 1886-87, one year; Knoxville District 1887-90, three years; Chattanooga District, 1890-95, five years; Agent Grant University 1895-97, two years.

But although Dr. Petty was duly appointed Presiding Elder of the Chattanooga District in October 1890 and served until October 1895, and appears in the list of appointments for 1895-97 as agent for the University, it is nevertheless true that on the first appearance of the Methodist Advocate Journal, in July 1892, Dr. Petty became connected with the paper and from that time until September 9th, 1909, when his health finally failed him, he did manly and most valuable service in connection with the paper. Few persons can ever appreciate how difficult and trying were his tasks as Business Manager and Assistant Editor through all those strenuous years. But he was faithful there as he always proved himself to be wherever the path of duty led.

A man more courageous, more conscientious, more robust in all the qualities that constitute noble manhood it has never been my privilege to know. He was absolutely sincere and truthful. To his convictions and to his sense of duty and to his friends and his church he was always immovably true. And with such a personal character, to be a Christian at all was to be one through and through. He feared God, but with a loving fear. He had faith in God, but it was such a faith as led him to undertake unhesitatingly whatever tasks came to him in the order of Providence. More than once he was assigned to an appointment where he knew he could not receive enough to support his family, but without a murmur he always went and he always stuck to his task until his time was out. His religious experience was deep, clear and bright, and often joyful. It ripened with age. Like the path of the just, his path was as the shining

light, that shineth more and more unto the perfect day.

As a preacher Brother Petty prepared his own sermons. They were the product of his own thorough and prayerful study of the Divine Word. In the proper sense of the word he was original. He thought things out for himself, but his dependence upon the Holy Spirit in his thinking, and especially in the delivery of his sermons, was always manifest. Many will rise up in the last day to call him blessed.

Dr. Petty was married four times, and is survived by his faithful wife, who during all his long illness was a real angel of mercy and light and love to him. Two sons, Edward S., and Arthur P. Petty; and four daughters, Mrs. Roberta Woodworth, and Misses Margaret E., Marion K., and Helen G. Petty remain to cherish his memory as an ever sacred heritage. His remains were interred in the National Cemetery at Chattanooga.

"O God, let not that race of giants die!
Give us more men like him; old-fashioned, brave,
True to the truth, men that have made the Church
Mighty and glad and songful in the past!
Thy work goes on, thy workmen, buried. Lord,
From this new grave, dug in the frozen ground,
Where the wide snow-fields gleam, raise up a score
Of stalwarts who shall live and die like him,
Setting full many an idle hand to work,
Setting full many a silent tongue to sing
The rich, resounding praises of Thy name!"

Mrs. Benjamin Crist

Mrs. Mary Jane Crist, the wife of the Rev. Benjamin Crist, of the Holston Conference, was born at Lancaster, Pa., May 14, 1837, and finished her earthly pilgrimage and passed to her inheritance in the "Promised Land," Febuary 4, 1911. In her early years she was converted and united with the St. Paul Methodist episcopal Church at Lancaster, Pa. On the 26th of May, 1873, she was united in marriage with the Rev. Benjamin Crist with whom she loyally and lovingly shared the vicissitudes and privations of the Methodist itinerancy from that time until her husband felt compelled by his age and physical infirmity to ask to be relieved from further service and to be placed on the veteran's list, which action was approved by the Holston Conference at the session held at Athens, Tenn., October, 1897. After his superannuation Brother and Sister Crist moved to Millersville, Pa., where they made their home until her death, and where Brother Crist Still lives. Mrs. Crist was an earnest Christian woman and as a Sunday school teacher made it her chief aim to lead her pupils into the personal experience of God's saving grace. mortal remains were buried at Millersville, Pa. In his bereavement and loneliness Brother Crist will have the sympathy of his brethren and fellow workers of the Holston Conference.

LAY ELECTORAL CONFERENCE

Knoxville, Tenn., October 27, 1911

1

Lay Electoral Conference, met in Friends Church at 10:00 a.m. A very interesting praise service was conducted by Brother G. J. Domineck. Temporary Organization. J. W. Fisher was elected temporary chairman, and J. R. Penland temporary secretary. Per-

manent Organization. Hon. Z. Hicks was elected permanent chairman, and J. R. Penland, permanent secretary.

The roll of delegates was called and 99 answered to the roll call. A motion was made to go into the election of delegates to the General Conference which resulted as follows:

John A. Patten, Chattanooga, Tenn., Samuel H. Thompson, Chuckey Tenn., Charles L. Parham, Knoxville Tenn.

Then the alternates were elected as follows:

J. A. Grigsby, White Horn, Tenn., J. W. Fisher, Newport, Tenn., J. R. Penland, Knoxville, Tenn.

Brother Geo. P. Mains, D. D., was introduced and spoke briefly to the conference. All of the delegates elect were called upon for speeches and briefly responded in felicitous talks.

A resolution was introduced by J. A. Grigsby instructing the delegates elect to the General Conference next Spring to vote for and use their influence for the election of Dr. R. J. Cooke for Bishop as long as his name was before the conference.

Thereupon the conference adjourned,

Z. Hicks, Chairman,

J. R. Penland, Secretary.

BOARD OF EXAMINATIONS

Important Information for Examintrs and Candidates

- 1. The work of the Board is divided into six groups: Admission on Trial; first, second, third and fourth years, and Local Orders. Each group to be in the hands of a committee—one of the committeement to be chairman of the committee.
- 2. Mid-year examinations are required; time and place to be arranged and announced. No examinations are allowed except at mid-year appointments and at the seat of the annual conference. Candidates for admission and local orders are excused from mid-year work.
- 3. The day preceding the opening of the Annual Conference is the appointed time for examination.
- 4. The cardidates are urged to buy their books at the very opening of the year and study carefully the Mid-year subjects and after the Mid-year examinations make complete survey of the remaining subjects immediately. The examiners are required to correspond with the candidates in the early winter, prepartory to Mid-year examination, furnishing the candidates with from 50 to 100 questions or suggestions—at least covering the subject. The final examination questions to be drawn from these questions or suggestions previously given.
- 5. The requirements of the Discipline are to make the examinations written if practicable, and two weeks ahead of the annual examination at Conference to send written questions to the Chairman of the Board.
- 6 The chairman of each group is to submit in writing the grades of the candidates in his department to the registrar.
- 7. Mid-year examinations to be conducted the second Tuesday in April.

REPORTS

Athens District

JOHN S. BURNETTE, District Superintendent

Dear Fathers and Brethren:-

While our Conference is later in the year than it has been since the Reorganization, I do not see how we could have made a creditable report a week earlier. Even now our revivals are interrupted and much of our building is unfinished. We are pressed with this class of work on all sides.

Blue Springs Chapel, North Athens Circuit, was dedicated July 5th by Dean Stansell. Value about \$500. I. A. Rominger, pastor.

Lick Creek Chapel, Tellico Plains circuit, is a partnership house with the M. E. Church, South. It has been awaiting addication on mutual convenience for several months. Value about \$1,000. H. G. Osborne, assistant pastor, is in charge of this church for us.

Howell's Chapel, Athens circuit, is being replaced with a modern structure which it is thought will be ready for dedication before January 1st. Probable value, \$1,200. A. B. Dennis, pastor.

Englewood has its new church enclosed and is using it during the warmer weather. It will be vauled when complete at \$3,000 or more. D. R. Haney is the pastor. Like all the others his church is in need of Church Extension help. In fact without this it does not look possible to continue church services or Sunday School, both of which are very a paising, after next month.

When the larger part of the town of Copperhill was burned early last December, our church and parsonage went with the rest. Many charitable people and benevolent organizations united in tiding the suffering people over but the church did not profit directly by their generosity. The prospects were poor at first, and but for the leadership of the pastor, W. C. Haltom all might have been lost. As it is, we have a comfortable six-room, brick veneer parsonage occupied by the minister, and a brick church being built that will cost from \$5,000 to \$6,30. I wish to acknowledge the kindness of several lodges which united in giving us the use of their hall without charge from the date of the fire until the new building is ready for use.

The new church at Cleveland which was planned a year ago is complete except putting the pews in and building the organ. The cost is between \$35,000 and \$35,000. The building is faced white brick and is held by to be the many prettiest church building in the Conference. It is not only a beauty. · arrangements are so happy as to insure largest measure of utility. A. S. Beaman the pastor deserves great credit for faithful work and has shown the highest quality of leadership in managing this enterprise. His people have rallied and shown a passion to give. With the exception of perhaps \$1200 the local people have contributed the whole cost up to date and only lack about

\$4,000 having the building paid for. But they need Church Extension help and if they receive what they have reason to expect they will come to dedication without a dollar on their house.

In addition to the parsonage at Copperhill, one was built at Etowah while A. B. Dennis was pastor. But the church was so badly in debt that the Official Board sold the parsonage when Brother Dennis was moved to Athens circuit and applied the proceeds on its debts. This leaves them without a parsonage but with the debts which had embarrassed them almost removed. Brother Dennis is another fin financier.

Among the improvements on buildings the largest application has occurred at Lenoir City where C. K. Mahoney is paster. They have spent \$2,000, resulting in a complete rebuilding of their church; in fact one who had seen it formerly would not recognize the building now at all. Every dollar is provided for, Drs. Race and Bovard assisted the pastor in a great service clearing up all debts.

There is hardly a charge in the District that has not made some improvement on its property. The total application for building, and improvements is \$30,000. In addition to this we have paid out on old debts \$13,000, making a total expenditure for these purposes of \$43,000.

Several other building enterprises are projected. We only need one more large building unless Lenoir City makes further demands, and that is at Maryville.

You will gather by what I have said already that our pastors have stood by their duties in the most faithful manner and not many could have changed for such work as this requires time as well as ability, still, some changes have occurred. J. S. Grahl and R. S. Porter were allowed by the Bishops in charge to exchange; brother Grahl having held Kingston and Brother Porter Mt. Dora, Fla. Both did well where they were and are highly acceptable where they are.

When Bishop Anderson needed a superintendent for Atlantic Mission he come to Athens District and selected J. H. Warren for that purpose. We hear good reports from Brother Warren in his new field, but did not expect less. This vacated Athens circuit, which was filled with A. B. Dennis from Etowah. Brother Dennis' place at Etowah was filled by Brother Crowder from Georgetown Circuit. No telling where we would have stopped had we not found a local preacher, O. B. McCleary, for Georgetown.

The pastors have been their own evangelists in nearly every revival, and these seasons of grace have touched every charge in the District, with one or two exceptions. The aggregate of conversions reported is 700 while 400 have joined our church. Many of the other converts went to neighboring churches.

We have not done much in the way of new organizations, only a few, the most conspicuous of these being at Niota. A favorable change in the population and the withdrawal of the Cumberland Presbyterian Church from the community made it impereative on us to enter and organize. Brother Rominger the paster and Brother Beaman held

special meetings and made it possible for us to begin with more than hirty good members. We are repairing the Cumberland Presbyterian wilding and will purchase it as soon as the General Assembly of their hurch orders the sale. This is a good building and well located.

The revivals have strengthened the churches numerically, increased iberality, and quickened spiritual life. Others may live without them not we are not ready to attempt such a course.

Faithful service has its financial reward and such is the case with our pastors. None of the utterances of my respected predecessor impressed me more than this from his final report: "The greatest demand in the Athens District is increased salaries and more efficient preachers; and better salaries paid means better service rendered."

We have been working on this for four years and have made some dvance. Still we are far from good salaries, as they are usually rated, and have a few men who do not receive a living. However only wo men will report less than \$300, and two more less than \$400. Comarison will show that while we have about doubled ministerial support uring the quadrennium the advance has nearly all occurred in the arcuits and smaller charges. I sincerely hope that the larger charges will find it possible when they are a little easier with their heavy willding enterprises to make a general advance proportionate to their ank.

We will not report more than \$600 aggregate advance in pastoral upport this year, but we will report every pastor's salary in full and he Superintendent's support nearer paid up than in any preceding rear.

The idea may get abroad that we do nothing but plan for work and collect increased pastoral support. Any one who will take a little rouble to examine our records will disprove even such a suspicion. For we have applied on the better equipment of our churches not far rom \$35,000 this year and \$100,000 for this purpose in the quadrentum just closing. All of which is for the people locally.

It is true that we instruct, both in the general idea of an adequate apport and of systematic giving, but the emphasis is laid on pastoral fficiency, with increase in support as an incidental expression of the

igher vision, both of need and ability.

One of our problems is the big circuit, of which we have a number. Thirteen of our twenty appointments are circuit; and average six hurches each. In the larger circuits where the pastor can only preach once a month and usually gives but slight pastoral service except on special occasions are badly handicapped. Some of these charges could be made smaller and still their ability to support a minister not be seriously impaired. But the leading officials have not yet decided that such a step is timely, and I do not feel willing to undertake the task without their consent.

May we not in the meantime turn to the lavmen to help out with service? For instance, our District has a Laymen's Association with Prof. Foss Smith for President. He has taken his office seriously and

gone into almost all parts of our territory. Then, I am quite sure that fully fifty other laymen can be found in our District alone who will speak on practically any subject assigned by the pastor, or on any occasion. Some of them are powerful preacheds, although they do not care to accept license. Prof J. H. Jarvis helped pastor D. R. Haney in a revival at Englewood last summer and competent listeners reported his sermons as of high order and exceedingly convincing. We have held numbers of rallies and numerous laymen, including Messrs. Chas. L. Parham and C. B. Emert have rendered valuable service. Why might not laymen who can speak to edify fill appointments on the circuits making up for the lack of service of the pastor. This would give the service without detracting from either salary or influence on part of the pastor. And it would be more than Wesley did with his lay Preachers.

Among the inspirational occasions of the year none were equal to our District Conference and Laymen's Association which met at Athens July 14—16. It was the sixth in the visitation conducted by Bishop Anderson. The great address by the Bishop and the inspiring ser-Platt, and Cooke, also by Brothers Stapleton, C. B. Emert, and S. H. mons and addresses by Drs. Patten, Freeman, Race, Bovard, Manker. Thompson and Porter and the elect ladies, Mrs. Bovard and Plyly are still themes for household conversation to the remotest parts of the District. There will never be trouble in securing attenuance at District Conferences if the presiding Bishop and fellow laborers will visit us year by year. Come again Brethren!

In my report to District Conference I called attention to our responsibility based on the location of our churches. We paster 90 churches, located in different communities. In only 29 of these do we come in contact with any other denomination, while we divide with the M. E. South in only 15 places. In whole sections of country we scarcely touch our Sister Methodism. Within 15 miles of Athens are twenty of our churches and we compete with the M. E. Church, South, in only three cases. While within 16 miles of Cleveland are twenty-four of ours and only one of these is no disputed ground as to Methodism.

Even yet we are told to leave this country! What would become cour thousands if we could do this? It may be said that another Methodism would care for them, which only prompt me to say that in sixty-six years they haven't done so.

"Have the rules repecting the instruction of children been carried out?" is question 18 at four quarterly conferences in each charge every year. And no question is more important. Not only should our children be instructed in godliness generally, but in Methodism in particular. Therefore we exercise the utmost care wherever possible in the selection of teachers in Leagues and Sunday Schools. Often there is but little margin for "selection" since persons apt to teach are not numerous. But we can use our literature and practically all our Sunday Schools are supplied with it.

Our school at Athens is doing well and Dean Stansell is making a fine impression.

As to my own work I have been busy. Superintending, if faithfully followed, is not the job for a man of leisure. Still we are brethren in the work and the relation between myself and pastors and people are most delightful. The toil which might bring burdens otherwise, becomes a joy in the welcome to my people's homes, and my weakness turns into an element of strength when I am assured of sympathy and prayers by both pastors and people.

Barring a few accidents my health has been good. The same can be said of all my brother pastors, except John Sanders who was forced to spend a month at Hot Springs, Ark., last winter, and J. T. Bird who

spent the winter in Florida. Both are much better now.

The record is made. I am satisfied with the intensity of the effort for I have tried to do my best. The results are not what i had hoped for but God is merciful.

For any success I give Him the praise; for the failures I beg His pardon and the indulgence of my brethren.

Bristol District.

WAYNE S. GRANT, District Superintendent.

Area:-The Bristol District comprises six wealthy counties in the State of Virginia; namely, Lee, Scott, Dickson, Russell, Wise and Washington, and a portion of four Counties in Tennesee. The resources of the District are unsurpassed. Its possibilities are great. The whole District is a net-work of Rail Roads and telephone wires and machadamized roads. It abounds in rich farming lands and various mining manufacturing enterprises, and is in process of rapid development. The Methodist Episcopal Church has a future within the bounds of this District, which in a few years will far surpass our fondest dreams. For the most part the citizenship in this territory is honest, intelligent, industrious and progressive. Those who compose the membership of our church are among the best people both in the towns and rural communities. As a whole the District has had a busy and a prosperous year. We have had revivals and accessions in nearly all of the charges. The building interest has led any previous year in the history of the District. At the close of last Conference year we had, as the records will show, a property valued at \$50 850. The close of this year shows our property in this District worth \$103,250, when the churches and parsonages now under construction are finished, showing an addition in property value of \$52,450.

Each charge and each pastor in the District are worthy of particular mention.

Appalachia and Big Stone Gap. W. B. Peters was assigned to this charge, but after looking over it declined to accept it. I employed S. C. Lee, who served the charge for one month and then quit. Since that time the charge has been without a pastor.

Benhams. This circuit has been served by J. W. Grace, who, as a pastor and preacher, is highly esteemed by his and others who have heard him. He has done an excellent year's work, and has taken in two appointments. He has received fifty dollars more than the salary promised, and the people are anxious for his return. They say that if he is returned they will increase his salary one hundred dollars and give him a horse.

Bristol Station. William F. Pitts is the pastor here. In some respects this is perhaps the most important point on the District, being one of the strong centers of population and commercial and manufacturing interests in upper East Tennessee, and South West Virginia. Knowing brother Pitts' record of success as a church builder, it was for the particular purpose of building a church at Bristol that Bishop Anderson sent him there. Brother Pitts has fully sustained himself as an organizer and church builder in the city of Bristol. Many difficulties have been removed, and he abused confidence of our church and people there restored, and a handsome new twenty thousand dollar church building is nearing completion under the management and supervision of brother Pitts. All things considered the work accomplished in Bristol this year is nothing short of remarkable. Brother Pitts has also done a splendid work both as a pastor and a

eacher. There has been no revival at Bristol because we had no place to hold meetings, but twenty-six new members have been added during the year. The Official Board and the membership are unanimous in their request for his return.

Coeburn. G. M. Shelley was appointed to this charge by Bishop Anderson. Brother Shelley stayed on the charge two weeks and quit to acept an appointment in the M. E. Church, South, in West Virginia. We then associated Coeburn with Wise, and the rest of the circuit was given back to the Goodsell charge.

Dungannon. This charge was served three fourths of the year by J. H. Prichard. On account of some indiscretion and domestic troubles I thought it best for the work to remove Prichard, which I did, and employed brother A. A. King, who has served the charge the balance of the year.

Gate City. T. J. Crumley is the efficient pastor here This is one of our most important charges, and has had a most prosperous year as the results will show. It has doubled in membership, trebled in benevolences, and quadrupled in salary. Brother Crumley already has the plans and lumber paid for for a new church at Gate City to cost approximately five thousand dollars. Brother Crumley has done a good work. He is greatly beloved by all of his people and they are The charge has had no pastor for the rest of the year.

of sufficient financial support with my consent he gave up the charge. charge as a supply. He served the work three months and for lack

Goodsell. Bishop Anderson appointed J. W. Necessary to this anxious for his return.

Greedale. This charge has had another prosperous year under the

wise and consecrated leadership of BrotherI. B. Leonard as pastor, who comes to conference with a full report as usual. Brother Leonard is a faithful and earnest worker, and he has done a good year's service. He has the fullest love and confidence of his people and they unanimously ask for his return.

Hilton. Brother H. W. MacKenzie has served this charge. On account of sickness both of himself and family brother MacKenzie has been handicapped to some extent, but notwithstanding he has done a good work.

Jonesville. This charge has been supilied by Willis Baker. Brother Baker is one of our best and most consecrated young men. He has done a splendid year's work.

Nickelsville. This is one of our best circits and it has been served by the consecrated and ever painstaking and one of the best circuit men in Methodism, Brother W. S. Bandy. He has stood for a high standard of truth and morality. He has done a hard and faithful year's ork. During the year he has built and dedicated a nice church at Mount Pleasant worth two thousand dollars. At this place Brother Bandy piroved himself not only a preacher but an artist. He took the brush in his own hand and painted the church both inside and out, which, when he had put on the finishing touches, was pronounced by all who have seen it as a fine piece of workmanship. The old parsonage here has been sold, a large and beautiful lot secured at Nickelsville, and most of the lumber has been secured for the erection of a handsome new parsonage in the near future.

Pattonville. Brother M. B. Gass is the pastor.' Brother Bass is a man full of zeal and earnestness. He has done a good year's work. He has doubled the benevolences and also the salary

Pennington and Keokee. Brother Chas F. Hunter, always abundant in labors and results has had one of his very best years in this charge. He has simply revolutionized the whole country in which his charge is located. He has had revivals and accessions at every point on his work. Brother Hunter has rolled up his sleeves and plunged into all departments of his work in heroic fashion, and has dore a most excellent work.

Rose Hill. Under the careful leadership of Brother Samuel Sproles Rose Hill has had a prosperous year. Brother Sproles is a faithful and true man and his people want him returned. He has secured a lot and has lumber to build a church that will cost approximately two thousand dollars.

Russel. Brother A. V. Dye, the pastor, has just closed his second year on this charge. The people are so pleased with Brother Dye's work that they are anxious for his return.

Sneedville. This charge has been served by Brother J. S. Yeary, who si one of our best and most loyal Local Preachers. He has been true and faithful under trying circumstances and deserves much praise for what he has accomplished.

Thorn Hill. D. F. Smith has been the pastor here. Brother Smith

is a man full of faith and the old-time religion. Under his consecrated leadership there have been revivals, the spiritual life of the church has been greatly quickened, and he has built a church and a parsonage. He goes from house to house in the good old fashioned way reading the Scriptures to, and praying with the people, and they all want him back another year.

Wise and Glaymorgan. Brother M. H. Monroe, the pastor, has had a most successful year. He now has on hand the erection of the best church building in the District with the exception of the church at Bristol. The building is to be a modern structure of stone and brick. It will cost within the neighborhood of fifteen thousand dollars. By his consecrated life, by his unswerving loyalty to the Methodist Episcopal Church, his pastoral visitations, and by his strong and spiritual sermons he has won for himself and the church in Wise the hearts and the support of the people of our own church and other denominations. He is certainly the right man in the right place.

As to my own work, it must speak for itself. With me this has been a year of unusual hardship and work. I have tried to do my duty in all things. The work has called for more toil and sacrifice, more prayer and greater consecration and heroism than any year of the twenty-one years that I have been a member of the Holston Conference. Have held all my quarterly conferences in person, save one and conducted one of the best District Conferences in some respects in the history of my experience. I have held sixty quarterly conferences, forty-five love feasts, administered the Sacrament of the Lord's Supper fifty-five times, and preached one hundred and fifty sermons, making a total of three hundred and ten services held during the year.

In order to reach the various points on my District it has been necessary for me to travel somewhat extensively and in many different ways. I have gone six thousand, seven hundred and eighty-two miles by rail road, one hundred and eighty-nine miles in buggies, and five miles in a two-horse wagon, making a total of seven thousand, three hundred and thirty-four miles during the year. I think I never came to the close of a conference year feeling more conscious of having done my duty, and being more happy than now.

Bristol, Virginia, October 20th, 1911.

Chattanooga District

J. G. CAIRNS, District Superintendent

At the last session of the Holston Conference, S. D. Tuttle was reappointed superintendent of the Chattanooga Disrict. Early in the year, his health gave away and after several months, during which time the work was cared for by G. T. Newcomb, assisted by various pastors, Bishop Anderson on June 1st, appointed the present superintendent. Brother Tuttle had endeared himself alike to the pastors and laymen of the district, and his illness has been the occasion of sincere regret.

The following report is necessarily incomplete owing to the fact that in some instances the record of second quarterly conferences has not been entered in the superintendent's book.

The year has been one of changes; no less than seven out of the twenty appointments having had at least two pastors the number in one instance having been three. W.N. Mason at First Church, Chattanooga, has been succeeded by C. H. Myers; J.F. Hutchinson at Fairmount by M. O. Fletcher; O. T Uslcman at Hill City by J. F. Hutchinson; J. L. A. Bumgarner at Epworth by Alwyn Atkins; F. F. Frisbee at Mt. Olivet by J. P. McBride; J. G. Cairns at Alton Park by Harris Gillespie; J. P. McBride at Pikeville by Jasper Saddler, and Jasper Saddler in turn by J. J. Ellington. In each case competent successors have been secured without undue loss of time and in each case the year has been closed with all the bills paid for the entire year.

This unlooked-for degree of success may be accounted for on the ground that this has been a year of revival effort throughout our territory. This most important part of the work has been pushed all over the district and over six hundred have been reported as converted.

Our roll of membership will doubtless show a decrease, such decrease being only apparent, and owing to the fact that in a number of instances the membership records have been rigidly revised.

In regard to our material interests, this conference year has seen two notable additions to our church property in the city of Chattanooga. November 13th, witnessed he dedication of the church in Alton Park, a beautiful building of brick and stone. The property, including the new parsonage, is worth \$25,000. Following a sermon by J. O. Randall, Drs. Race and Bovard raised the amount necessary to provide for the indebtedness with apparent ease.

On July 9th, 1911, Bishop Anderson dedicated our splendid brick church at Highland Park, the amount needed to cover all obligations being raised in record time with the assistance of the matchless Race-Boyard combination. We have at Highland Park one of the finest opportunities in the South.

Time would fail me to give an account even of the successes which, separately considered, appear remarkable, but this report would not be complete without special mention of outstanding successes. Not long aco the abandonment of Manker Memorial was seriously considered. Under the pastorate of R. M. Millard this work has come forward by leaps and bounds and gives promise of a fine future.

A. C. Goddard, at Ridgedale, with the assistance of a fine body of young laymen has made an actuality out of a prospect.

St. James offers a problem of peculiar difficulty, which E. O. Woodyard, by painstaking and business-like methods bids fair to solve. He has made large sacrifices and his work is beginning so tell.

A. H. Smith, who goes from us to Michigan Conference, leaves an enviable record as pastor at Highland Park.

J. J. Ellington and J. P. McBride, who picked up the work at Pike-

ville and Mt Olivet respectively, and carried it through to a successful conclusion, deserves honorable memtion.

In each case these men save the work from total or partial ruins. In July a District Conference was held at Dayton which was well attended and inspirational.

It is hardly necessary to refer to the educational wirk within our borders as the University of Chattanooga belongs to the Chattanooga District no more than o Holson Conference. I may however be permitted to pledge undivided and enthusiastic support of this District to Doctors Pace and Bovard in their gigantic task of raising half a million dollars for endowment, and may God speed them in that work.

It has been our pleasure to welcome to our fellowship several from without our borders. F. R. Baker from Georgia Conference, has made good and is already in demand. W. J. Thompson, who came from England a year ago, has become infatuated with Tennessee and is here to stay. He has been heard with pleasure in various places on the district.

Last of all has come from Iowa C. H. Myers to be pastor of our First Church in Chattanooga. He has won his way into our affections and is taking high rank among the preachers of Chattanooga.

A summing up of the year's work on the district impels us to thank God and take courage.

Benevolences will, I believe, show a distinct advance over last year. Salaries will show an advance aggregating five hundred dollars; and without exception, so far as I know, the pastors are paid in full.

In conclusion I wish to make public my feeling of gratitude for the beautiful way in which I have been treated.

Brother Tuttle has written again and again from a sick-room letters that have been of great assistance of me in grasping he details of the work. Dr. Burnett, at the time of my appoinment wrote to the leading laymen of each charge a letter with deliberate intent to prepossess them in my favor. Dr. Manker and Dean Stansell gave me valuable information. The noble laymen of the Stone Church have given me every assistance in their power. The ever-ready assistance of Bishop Anderson was of highest value at a time when it was most needed. Finally, the men of the district have taken me into their hearts and have in every way possible striven to make easy a didcuit road.

Clinton District

J. M. Emert, District Superintendent

In presenting a report of the work of the year, and my sixth and last on Clinton district, we are conscious of the fact that but a small my part, after all, of the real work done can be tablated, and that which are can be written, but imperfectly records what has been accomplished.

Some pastors and churches with apparently insurmountable difficulties against them, in the communities where located, have held their own in the struggle and gained some victories. Others with less toil and sacrifice, will report a good number of professions and church

aroperty improved. So it behooves us to remember that the good and aithful servant is the one to whom our Lord will say "Well done." In the main, the pastors of the district have wrought faithfully and eroically, whether much or little may appear in this report, or in the tatistical tables.

During the year Bishop Anderson transferred Rev. L. D. Hamil, a much beloved and deservedly popular pastor at Clinton, to the Georgia Conference, and at the same time transferred from the Georgia Conference to the Holston John W. May, who has served the Clinton harge very acceptably what time he has worked, during the remainder of the year. The change coming as it did, in the middle of the year, has hindered the work to some extent.

W. D. Farmer, who was appointed to the Well Spring Charge, did acceptable and faithful work the first three quarters of the year. His morts to the district conference and to the fourth quarterly conference were very satisfactory. He assuring me all the time that the inancial obligations would be fully met, but now at the close of the year, reports a deficiency in both salary and benevolences. He has mitted with the Holston Conference, Methodist Episcopal Church, South, and was given an appointment by Bishop Kilgo, at the recent session of their conference, at Morristown.

The territory comprising the district offers splendid opportunities to every class of industrious people. Here the lumberman finds the very best timbers; the mountains are filled with coal and minerals, while the rich fertile valleys and coves, offer ample reward to the farmer who knows how to farm, while the hill and mountain sides will grow the very finest fruits and vegetables.

The railroad facilities furnish encouragement to all these industries, and the territory is fast settling up with a people that is largely dependent upon the work of our church for the gospel. Nine years ago we built the first Methodist Church house ever erected in Scott county. Now we have five good buildings, valued at \$7,500. The Methodist Episcopal Church, South, has no organization in this county. We hold nearly all of the territory, also in Morgan county. This is an unusually fine opportunity for our work in the South without competition with any other Methodism.

Church Buildings and Improvements

Two new churches have been erected this year. One on the Maynordsville circuit, which was dedicated by R. J. Cooke, on the sixth of August. This building is valued at \$1,500, the other is at Young's Camp Ground on the Rugby Road Circuit, and is worth \$1,200.

The good people of Sunbright have recently purchased in that town a six room house for a parsonage and about twelve acres of round. This is a splendid investment and the property is worth \$1,000.

The following charges have paid for repairs, improvements and on old indebtedness the amounts given below: Andersonville, \$36.00;

Crossville, \$50.00; Lone Mountain, \$90.00; Litton, \$63.00; Rutledge \$150.00; Knoxville Circuit, \$80.00; Maynardsville, \$250.00; Rugby Road, \$350.00; LaFollette, \$15.00; Clark Range, \$5.00; Eurrville and Sunbright, \$400.00; Well Spring, \$30.00; Jacksboro, \$250.00; Clinton \$40.00; Harriman, \$800.00; Scarboro, \$50.00. Total \$2065.00.

Six years ago we had sixty-six churches in the district, valued at \$85,600.00. We now have eighty-nine churches valued at \$118,000.00 Rutredge, Maynardsville, Jacksboro, Burrville, Sunbright and Rugby Road have each built or bought a parsonage and Scarboro has remodeled the old one and it is now worth more than double its former value. We have thirteen parsonages valued at \$11,550.00. Total value of church and parsonage property six years ago was \$93,400.00 The total value today is \$129,500.00, making an increase of \$36,100.00

Salaries and Benevolences

While there have been increases in salaries and benevolences during these years, we are still confronted with the fact that the support of the ministry is far below what it should be. Pastors can never do their best work until there are ample provisions made for the comfort and happiness of their families. Things have changed very much in the last few years in this conference, but there is still a serious lack of a more benevolent spirit of loyalty to the church Some of our laymen now have the broader vision and are possessed of the spirit of progressiveness, while others are still looking for the missionary and wondering why a minister cannot preach the gospel here and wait until he gets to heaven for his pay. Every charge in Clinton district could, if it would, pay a living salary and the majority could mulltiply their subscriptions to the benevolences, I think that nearly every pastor will report his salary and benevolences in full.

Sunday Schools and Epworth Leagues

There have been reported by the pastors in their routh quarterly conferences eighty-two Sunday schools, with an enrollment of 6,320 the past year. Some of the Sunday Schools are organized into missionary and temperance societies. Five years ago more than one fourth of the Sunday Schools in the district were using Union literature published by the Cooke Publishinb Company. I had thought until within the last fifteen days, I would have the pleasure of reporting every one of the eighty-two schools using the publications authorized by the church, but at the last moment I have learned with regret that two schools have gone back to Cook's literature.

I have tried everywhere I have gone to preach the gospel of Jesus Christ, and the doctrine of loyalty to the Methodist Episcopal Church and her discipline. If Methodists want their children to be loyal they must have Methodist literature in both the home and the Sunday School.

We never can prosper until this is fixed in the minds of the children. If there were any better books and helps published by any other publishing house in the world, than is offered by our own church, then there would be some excuse for a change and parents and Sunday School workers would be justified in turning to it, but while we have the best of everything, there is certainly no excuse for disloyalty. We have increased our enrollment in Sunday School during these years about three thousand.

The Methodist Advocate Journal is another factor that cannot be over estimated. Wherever it goes, it helps the pastors; it wields a good influence in every home. It keeps its readers in close touch with the work of the church, and is an essential visitor to every Methodist fireside.

Our subscription list is far too small. "The Advocate Journal, in every home," has been our motto, but like many other worthy undertakings we have failed to reach the goal.

There is more interest being manifested in Epworth League work than at any previous time. Some excellent rallies have been held during the year and some good has been accomplished.

Education

The A. B. Wright Institute, located in Morgan county, Tennessee, on the Cumberland Acountain is the only school property owned by the church in all of this vast territory. What the future of this school will be, is largely dependent upon the interest manifested in it by the church at large.

There is no place within the bounds of the Holston conference, where a school can be maintained with so little expense, and finally reward the church with a better harvest of boys and girls.

Why the board of education have excluded it from the list of schools, within the bounds of this conference, to be aided by the society is difficult to understand. If reaching the masses, and helping worthy boys and girls to equip themselves for usefulness and doing it at a nominal cost is the ambition of the church there certainly cannot be a better opportunity offered anywhere. True, it is located on the very top of the Cumberland Mountain, and can not be reached by an automobile or a pullman car, but that is all the more an argument in favor of keeping it alive. The young people there now, like many who have gone before them are anxious for an education, and they are going somewhere to school. If we want them in our own university we can get them. Three hundred dollars a year will give seventy-five children, in that locality, three months' additional school term. Where can we do better? As I said in the beginning of this report, that territory belongs largely to the Methodist Episcopal Church, and the citizens naturally expect more from their church than from any It is true, we have had some almost insurmountable difficulties to overcome. The school has its enemies, some of them are among the people that are helped more than any body eise, but like the church has always done we ought to forge away until these things disappear,

The enrollment for the past year has been 115. The outlook, as reported by the principal for the present year is encouraging. We have a good school property worth over \$6,000, and with the cooperation of all concerned and a little help from the church this school will prove of inestimable value.

This year as in former years, I have emphasized the importance of patronizing our own institutions, and perhaps have been instrumental in sending a few boys and girls to school, but as I look back I see how little has been accomplished. H. D. Lambdin, a most excellent boy graduated last year at Carson and Newman College at the age of eighteen years. He is now in Drew Seminary, Eadison, N. J., preparing himself for the ministry and he is only one of a score that might be induced to go that way if properly encouraged and cared for Others have gone to Athens, Maryville, Jefferson City, and Cumberland Gap, while many more are waiting for the invitation and possibly a little persuasion to enable them to decide where to go.

Church Membership.

During the six years we have purchased a church record, for nearly every charge in the district, and I have tried to emphasize the importance of pastors keeping a correct roll of membership. But in spite of every effort there have been discrepancies. Last year the Oliver Springs Circuit reported the membership of 410. This year the pastor reports twenty-nine accessions, and a total membership of 223, a net loss of 187 members. There is also a heavy loss according to reports furnished at Burrville and Rockwood. By some means the membership does not keep pace with the reported accessions from year to year.

Spiritual Work.

Although last mentioned this is the greatest work and of the most far reaching importance. 74 revivals have been held during the year and 819 professions have been reported. 388 have united with the church. 829 days have been devoted to revival work. All of these meetings have done good, and some have demonstrated the old time power of the Holy Spirit, to convict and convert sinners. The right kind of revivals is a panacea for all the ills of the church. Salaries and benevolences are easily gotten when the people are in the spirit, while envying, strife, and jealousies disappear like the morning dew before a summer sun.

When we abandon every other ambition and give ourset researnestly, and unconditionally to the one high purpose of reproducing in ourselves, and the churches those conditions which have never tailed to open the windows of heaven, then, and not until then, shall we have the showers of blessings promised in the word of God. No man ever went apart with God, and wrestled with a determination, like Jacob with the angels, that he did not get the blessing. No company of disciples have ever tarried in a place cut off from the world, on their faces in the dust, have ever yet failed to get the blessing, and have felt at last the rushing breath of God sweep away their fears. Faces sad with

penitential grief, revealing a broken and contrite heart, have always been such an appeal to divine pity and power as to be answered only by the approving smile of God, that binds up the broken heart and leaves a consciousness that all is well. This is the prerogative of every child and of every church.

The district conference held at Clinton was a great occasion. The coming of Bishop Anderson, Drs. Cooke, Platt, Bovard and Stapleton, each bringing a word of cheer and manifesting the deepest anxiety for the work and workers will never be forgotten. Also the coming of our distinguished laymen, Patten, Parham and Thompson was a source of pleasure and helpfulness. We hope these visits will be made annually.

As to my own work, I will only add that I have held all of the quarterly conferences this year in person, as I have every quarterly conference but one during the six years, and had it not been for accompanying Bishop Anderson to another part of the district, I would have neld that one. I have also presided over all the district conferences. During all of these years I have given my undivided attention to the work. Every Sunday, except conference Sundays, and one that I spent at home with my family, have been given to the cause. I have need no vacations, nor have I needed any. The Lord has given me nealth and strength to go, and has enabled me to overcome my own selfish tendencies, and thus be wholly consecrated to Him, so that duty has been a pleasure.

This would have been more difficult, no doubt, had it not been that I was serving some of the best people in the world, and associated with my brethren in the ministry that have been as true and faithful as men of God can be.

Fifteen. out of eighteen years of my ministry, have been devoted to the work in this district. More than a dozen of the churches, I have served as pastor and district superintendent ten years each. Eighteen years ago I went to them a perfect stranger, but now I find it home enywhere I go.

Every pastor deserves special mention, and I wish that I could do that but for fear that I might not be able to speak in such an impartial way as to express to each separately my good feeling and brotherly love, I will only say, 'Everyone of you occupy a place in my heart and memory. The same thing is true with the laity and friends throughout the whole territory. I owe you nothing but love.

Finally, permit me to testify that in Cabinet, Conference and District these years have been rich in pleasant associations, which will abide as sweet and grateful recollections throughout all of my remaining years. I only wish that I could feel that I have always been equal to all my difficult and official duties. I can only say that I have tried to do right and that my every imperfection has been but the occasion of divine mercy, and human charity. I shall pass the district over to stronger and better hands, with a brother's benediction on all the men and all the churches.

Greeneville District

G. S. BALES, District Superintendent

Dear Bishop and Brethren:

We respectfully submit our sixth annual report of the Greeneville District.

This district this year, organically, is composed of nineteen pastoral charges, served by twelve conference members and seven local preachers. They have been a faithful and loyal band and every one has remained on active duty throughout the year except A. C. Ketron whose health failed after six months earnest labor on the Roan Mountain Circuit, and who willingly surrendered his trust to the grief and sorrow of his people, and providentially I was able to supply the vacancy by D. L. Howell who came to us from the Freewill Baptist Church and who has truly made good.

Time and space forbid my entering into minute detail to report all the solendid achievements and victories of the pastors and laymen during the year. It would actually require hours to do them justice. It must suffice to only refer to some of the conditions existing, and some of the most important results.

The most important things which have been achieved this year have not been the payment of salaries, and benevolences, and the building of good churches, which fine record is probably not below that of past records, but the conversion of 1400 souls to Christ and the addition of about 600 members to our church, notwithstanding the swelling of the membership of most all other contiguous denominations, and about 400 baptisms with water and in water.

One of the chief reasons for the considerable difference in number of conversions and the baptisms and additions is the fact that several of our best revival pastors were unordained local preachers and could not baptize their converts and many of them would not kep until the district superintendent or some ordained preacher could reach them.

Another reason is that as we have intimated other denominations have greatly profited by our good revivals.

The pastors have mostly been their own evangelists. Brother A. J. Murphy, corference evangelist held one good meeting in the district at Elizabethton, and the Revs C. O and A. P. Jones assisted the pastors in some fine meetings. They did commendable work. The district should show in the statistics a net increase of some hundreds of members this year. I think the Greeneville district is now second only to Knoxville district in number of members.

The Sunday schools are as good and the Epworth Leagues are better than usual, and so all in all we feel that the spiritual interests of the district, while not what they should be, are comparatively in good condition.

Material and Financial Conditions.

As all are well aware the wery unusual and extended drought which was so general over the country, failed not to very materially discourage our people financially, and especially the rural, farming sections, so that it has made it difficult to keep to the standard of other flourishing years. But we think that by extra effort it has really been done. The under production of substance we trust has diverted the minds of the people from the world to the giver of all blessings and disposed them to lay upon the altar of the Lord greater sacrifices. When the seports are all in and the statistics are all tabulated we expect the sum total on salaries, benevolences and other benevolences to show no backward step but some advancement over other years. Several charges are paying more on benevolences this year than last. Elizabethton under the successful pastorate of Rev. H. M. Torrey has paid about 400 per cent over last year on benevolences and a large percent more on salaries and other benevolences.

Johnson City Station, Roan Mountain Circuit, Parrottsville Circuit, Baileyton, Bloomingdale, Unicoi and probably other charges show a good increase over last year. About all the pastors deserve credit for the wise management of the benevolent causes amid so many discouragements this year. It is encouraging and gratifying to note the gradual and increasing loyalty to these worthy causes, from year to year.

Church Building and Improvement.

The district has not been derilect to continue its work of building and improving church property as you may see in the following notations and references:

First we will note the new Asbury Memorial Church enterprise at Greeneville. The contract is let to Mr. Merchant of Asheville, N. C., and the building is far advanced, and is to be completed by Christmas, and is to be one of the most beautiful and commodious church edifices in the conference. Exterior dimentions 66x84 feet. Outside walls of gray brick. Trimmings of Buff Indiana limestone and terra-cotta or metal. Interior so arranged as to accommodate most every demand of a well organized society. Bishop Anderson planted the seed that inspired for this kind of church there.

Rev. J. A. Mitchell, the popular pastor deserves much credit for his patience, tact and zeal in getting this enterprise on foot. His official board is composed of conservative, safe business-like men who know what they are about. The building when completed is estimated to cost \$22,500. Dr. W.S. Bovard laid the corner stone, October 2nd, attended by a representative audience.

Four other churches have been finished and dedicated during the year. One at Bethel on the Bloomingdale Circuit dedicated by J. A. Ruble Cost \$1200. To N. K. Rowe the pastor belongs much of the credit.

On the Mosheim Circuit at Mosheim was built and dedicated a new

brick church at a cost of \$1,500; lot and church is valued at \$2,000. Ims is a new society only about a year old. This new church is due almost entirely to the untiring labor and energy of G. W. Matney, the worthy and successful pastor. Only a little over a year ago there was no society there and not a dollar of church property.

The church was dedicated free from debt in September by Rev. R. L. Stapleton assisted by the writer and the pastor.

The new church at Hampton on the Roan Mountain Circuit begun and mostly erected under the pastorate of B. M. Morrison, and to whom most of credit is due was completed and dedicated tree of debt in August by Dr. Agnew then Dean of the University at Chattanooga. This building cost about \$1,500 With the lot it is valued at \$2,000

At Butler on the Mountain City and Butler Charge under the pastorate of J. T. Ware, has been built a beautiful new church, centrally located, and valued at \$2,500. J. J. Manker and R. L. Stapleton dedicated this church October 15th, free of debt. A debt of a thousand dollars was raised by these church financiers, which was a great victory for such a small society, and glad surprise. Our cause here has bright prospects for the future.

On the Baileyton Circuit at Sulphur Springs is being erected a new church to take the place of the old one. W. R. Byeriy is the pastor and is directing the enterprise with energy.

At Chuckey the church has been repaired at a cost of \$500 and presents almost the appearance of a new church. The expenditures on the district this year for building and improvement amount to about \$12,000. When the work already begun is completed it will amount to about \$30,000.

Under the wise leadership of T. H. Conner and J. A. Grigsby the indebtedness of \$700 on the new parsonage at Rogersville has been lifted this year. Bishop Anderson was fortunately secured for a lecture and he was the means of lifting the debt Prof. S. H. Thompson was also present and rendered valuable service

\$2075.00 has been paid on indebtedness of church at Johnson City. Other small debts have been paid and many improvements made.

The property on the District is in a fairly good condition. The value including parsonages and school property is near \$200,000.

The Sunday school work is in fairly good condition with about 6000 pupils. The Epworth Leagues are better than usual this year in numbers.

Our church schools at Chuckey and Baileyton are doing good work. To be brief we think the District has made and is making process along many lines. A little comparison will show this. We feel it probably would not be out of place and might be interesting to make some comparison of the statistics of the present year with that of cix years ago when we took charge of the District. Siv years ago the District paid \$7,550 net to pastors' salaries. This year the district was

pportioned \$10,600 net, an increase of over \$3,000 or 40 per cent. Then, the average pastors' salary including parsonage rent was \$485. Now it is \$301, notwithstanding there were only 17 pustoral charges hen whereas there are 19 now.

Then, the district paid \$859 to missions both home and foreign. This year the apportionment to both is \$1710 and it is probably raised in the aggregate which is about 100 per cent. increase. We have aised as much on missions this year alone almost as much as was aised then on the whole budget of benevolences including other penevolences which was \$1,758.

Then, the valuation of church property including parsonages-was 119.600. Now it is \$171.000, and including the school property about 200,000, or in other words an increase of about 50 per cent.

Then, the salary of the presiding elder was \$759 and the parsonage? This year it was placed at \$1,275 net and including parsonage \$1,525, which shows a net increase of \$516 or 97 per cent.

Then the Greeneville District was considered a small appointment. Now the grade is increased from third to first among the districts neome respects, and it would be a promotion for the District Superntendent of either the Knexville or Chattanooga Districts to go to the Greeneville, for it pays a better salary. It was second only to the Chattanooga District last year in amount per capita paid on missions and would have been first I am sure had the First Church at Chattanooga not been more able to pay than the First Church at Johnson City. It may be first this year.

I only give you these facts and figures to show you that the Greeneville District is forging to the front and that it means to compete for the very best standing in the conference and will never be satisfied until it fully demonstrates its right to the same. But the progress of this resourceful field is only just begun.

Personal Work

Brethren, I began this year's work under the saddest and most heartrending trial, or sorrow, of my life. Just before Bishop Anderson ook his text to preach on Sunday last year at Athens I received a elegram to compart once to the hedside of my mother. With the God pless you of the Bishop and the brethren, I took the first train but infortunately, seemingly to me, the trains were slow and late and the leath angel anticipated me about 10 minutes and when I reached her, her angel spirit was in her heavenly home and with loved ones gone on. Oh if I could have had but one more look from those large tender brown eves and heard that sweet voice one more time. If she could have answered as usual and waved me the last good bye. now lonely a boy feels in the world without a mother's counsel and prayers. But at once I got myself together in God's sweet will and said it is all right because it is God's will and way. I found out in a day or two that the Bishop had appointed me again on the Greeneville District. I lifted my head above the waves and went forward

and God my Father has graciously been with me until this good hour of reckoning.

I have tried to be on duty 365 days this year. I tried to look after the interests of the church with undivided mind. I have traveled thousands of miles holding every one of my quarterly conferences in person, 766 in all. Have preached about three times per week and held a love-feast at nearly every quarterly meeting. Presided over the District Conference and helped at our annual camp meeting at Sulphur Springs. Have fought many unseen battles as well as the seen. Did much correspondence Read some good books and made many journeys outside my regular marches Employed the odd hours at home, in the depots and on trains, in study, and in all think I have kept sweet. Have not missed an appointment of quarterly conference in the six years, holding every one in person. This was only my duty and needs no boast. I row, with the kindliest and tenderest feeling toward the preachers and the good people whom I leave on the district, surrender my job feeling a consciousness that I have tried to the best of my ability to do the work I was sent to do. If I have not been perfect I have tried to be faithful. God knows the record we must meet at the judgment. To that little woman, my wife, and to God, I owe the credit for any success made.

Knoxville District

G. T. FRANCISCO, District Superintendent

The Knoxville District is now composed of twenty-one pastoral charges, eight stations, two half stations and eleven circuits. These charges embrace in territory the greater part of six counties: Knox, Blount, Sevier, Cocke, Hamblin and Jefferson, a splendid section of this Appalachian region, fertile valleys, clear streams and beautiful mountains, inhabited by an aggressive people. Our Methodism has kept pace with the progress of this country, exerting an influence for righteousness equal to that of any other denomination in the same territory and our preachers are not out-classed by the preachers of other churches. It has been my pleasure for these six years to be associated with a loyal, consecrated set of men, (but few have faltered by the way,) and the success of this administration now closing is due to this fact, and to these men who have labored for the advancement of the kingdom of our Christ is due the credit. During this year we have tried to be wide awake to every interest of the church, doing what we could to make some progress in the Master's vineyard toward gathering the lost into the fold. We have had some degree of success. Many very gracious revivals have ben held during the year with most excellent results. Every charge in the district has had special revival services and in the main the pastors have conducted their own meetings. Brother A. J. Murphy, our Conference evangelist, has been with some of the pastors in their revivals, doing a most excellent work. His methods are to be commended and his preaching is sound, clear

and convincing. We would like to place more emphasis on soul saving, for in this city and surrounding country the field is white unto harvest, men and women who need to be brought to Christ and into the church. The pastors of the district report 1100 conversions and additions for this conference year.

Raising the finances hasn't been the difficult problem this year hat it has been in former years. Our people are being educated to rive in a systematic way and this extends to our rural charges. Our nembers are better able to pay, the prosperity that this country has enjoyed for the last few years has placed many of our people in goodscondition financially. The salary question is a vital one and will coninue to be, especially since the cost of living has increased so maerially. The preachers of this district are better paid than formerly and arrangements have been made by some of the charges to increase the salaries next year. This increase to be about \$1,200. Somehing has been done toward paying the indebtedness on our church property. Every dollar of indebtedness has been paid on the church. t Lonsdale amounting to \$1,691. This has been accomplished by the untiring efforts of the pastor, W. C. Miller. places this charge in excellent condition. East Main Avenue has peen burdened on account of debt but through the skill of the pastor, E. Omohundro this indebtedness has been reduced to \$2,000, a splendd achievement for the pastor and membership of that church. ourden having been lifted the pastor will have better chance to work this important field for our Methodism. The pastor at Oakwood, R. E. Ayers assisted by the Ladies' Aid Society has been successful in reducing the debt on that church. Only \$137 remains to be paid. The indebtedness of the Second Church is well in hand there being a good subscription to cover all indebtedness. This enurch has made such progress this year that they were compelled to enlarge their This was done basement in order to take care of the Sunday School. at a cost of \$2,000. The parsonage was repaired. This has been brought to pass through the activity of the pastor, W. K. Harris. The indebtednnes of our new church at Sevierville has been materialy reduced. There are a number of smaller debts which have been paid, debts that are of minor importance. The largest debt that we are carrying is the one on this church (Trinity) but back of this indebtedness is a strong, aggressive membership. The pastor of this church Royal A. Simonds is new planning to pay the greater part of this debt next year; with one supreme effort this can be accomplished. \$3,000 had been paid on old indebtedness. We have done but little this year in the way of building except on the Dandridge Circuit. The pastor, E. R.Branam, and some of the good people of that charge have pushed to completion one of the best parsonages that we have ever seen on a country charge in this conference. This property is valued at \$2500, and is located in the town of Dandridge. Other dedepartments of church work are doing well. The Epworth League

interest hasn't waned. There are a number of active chapters in the district. The Sunday School interest was never better. R. L. Stapleton our Sunday School Missionary has visited a number of charges in the district during the year, doing excellent work, arousing greater enthusiasm for the Sunday School cause. We have both the Woman's Home and Woman's Foreign Missionary Societies in the district, also thirteen Ladies' Aid Societies. All of these organizations are doing effective work.

Located in the town of Sevierville is one of our Church Schools, this institution has made a fine record, it is well located and has but little competition. A large number of teachers have been trained in this school. Especially is this true of the teachers in Sevier county. This institution is equipped with a good faculty and under the leadership of Prof. Goddard who has been principal for a number of years, this school will continue to grow. Some changes have taken place with our pastors during the year. H. S. Booth our pastor at Morristown gave up his work about the middle of the year and we at once secured the services of T. B. Russel who moved from Johnson City to Morristown entering into the work and closing the year with excellent results. Elbert Boyd supplying the Newport Circuit was compelled to give up his work on account of the death of his father. We employed F.L. Bradley a young man from the University at Athens to complete the year's work. He rendered good service leaving the charge in good condition. Our pastor at Inskip, W. G. Sliger, one of our best and ablest local preachers and a man that was popular with his people fell a victim to that dread disease consumption, dying in the faith. Living in that community was one of our superannuated preachers, S. P. Angel, we placed charge of the church, a good revival nd a number of additions to the church and all of the finances in full is the result of his labors. ing the month of September Heber D. Ketcham was transferred from First Church and from this conference to the First Church, Kankakee, Central Illinois Conference and A. R. Lambert was transferred from that church and that conference to First Church Knoxville. We have conducted one District Conference this year beginning July sixth. The conference was well attended, all the pastors being present but three. Our program was a good one. We had as speakers and visitors some of the ablest men in the church, Bishop W. F. Arderson, Drs. Ward Platt, R. J. Cooke, J. J. Manker and Missionary and Conference Evangelist also J. A. Patten, Samuel H. Thompson and Chas. L. Parham. Two deaths among our superannuated preachers living in the bounds of the district, have occurred during the conference year, J. S. Petty and J. L. Cardwell. These men were loved and respected, they were truly men of God, loyal to the church. I would like to give a brief review of the work accomplished during the six years. The pastors that we have been associated with have been hard workers with but few exo make sacrifices for the cause of Methodism. Here in this city where we have had a continuous fight with the liquor forces our pastors and people have been in the thickest of the battle for the

duse of temperance and civic righteousness.

The Methodist Episcopal Church in the city of Knoxville has made-come progress during the last few years. We have seen through the wise management of tactful pastors every church of our denominaion in this city built or rebuilt except the First Church and \$5,000 epent on the interior of that church. Over at East Main Street after ebuilding we have property valued at \$21,500. Trinity valued at \$60,000. Lonsdale after rebuilding valued at \$5,000. We have added three new churches and charges to our city Methodism, Oakwood, Inskip and Park City. We now have ten churches in the city and suburbs. Including parsonages this property is valued at \$232,760. Six years ago our church property in this city and suberbs was valued at \$113,-800, an increase of \$118,900. In the district six years ago our church property including parsonages was valued at \$188,300. It is now valued at \$324 580 an increase of \$136,120, this does not include the improvements made on Murphy College. Six years ago we paid for ministerial support \$14,474, now we pay \$19,500 an increase of \$5,026. Then our membership was 5433 now it is 7,450 an increase of 2,017. had 11 parsonages now we have 17. In the progress that we have made the Methodist Advocate Journal and the Laymen's Association have been among the leading factors. For every victory won we give the praise.

Roanoke District

G. W. PAUL, District Superintendent

Dear Fathers and Brethren:

Expression is made in this our second annual report of our gratitude to God that no pastor nor any member of any pastor's family has been removed by death.

Five effective conference members and thirteen local preachers were placed in Roanoke District last year. One of these J. B. Keister did not go to his work so that only four conference men have been in the feld those together with most of the local men have done good work. This is largely a local preachers, district, as perhaps three-fourths of our charges depend for their existence and perpetuity upon the heroic, self-sacrificing devotion of the local men, who love their church and have given, and still give such time as can be spared from their families to her ministry. This has been a year of debt paying and building. On the Christianburg charge a long standing debt against the carsonage has been cancelled, and the parsonage treated to a fresh coat of paint. The debt on the Hebron church same charge of about \$250 has been paid, while the debt on the chapel in the town of Christianburg was paid by the sale of the property. About \$280 has been paid on the parsonage in Roanoke and the property painted. The

parsonage on the Lafayette charge has been repaired and a new parsonage begun on the Sword's Creek charge. The remaining \$229 on the parsonage of the Glenford Charge which has given the charge much anxiety has been paid.

Improvements have also been made on the parsonage of the Floyd Charge. Zion Church on the Glenford charge has been remodeled and much improved our people bearing half of the expense. churches have been built, and four of them dedicated free of debt during the year. Two of these, Gallilee and Mt. Pleasant, are on the Lafayette charge and were dedicated in March and July respectively. Rehoboth church near Wirtz on the Franklin charge was dedicated in September and Oak Grove on the Auburn charge was dedicated in this Mt. Hope a beautiful new church on the Fries charge was to have been dedicated on October 5th, but the rain prevented the attendance of the people and the dedication was deformed. A new church is about finished on the Floyd charge and will be ready for The four first mentioned were dedicated by the dedication soon. District Superintendent after being first free from debt. We must build as we go, and many other churches are necessary before we can advance with our work. Gracious revivals have rewarded the labors of many of our faithful pastors aided in some instances by J. L. Early and D. B. Strouse Evangelists of our church. 'About 800 souls' have professed saving faith at our altars, and about 500 have united with the Methodist Episcopal Church.

Reports indicate that our Disciplinary benevolences will be about as last year. Our salaries are indeed meager, two of our pastors having received less than \$100 each, while many received less than three hundred dollars. Yet six or seven charges will report the apportionments paid in full and the salaries in the aggregate will perhaps be about \$700 in excess of any preceding year.

Bur work is almost altogether in the rural sections and owing to the constant migration of our people to the cities where we are not orgarized we must struggle hard to hold our own, many times they urge the church of their first choice to follow them, which we have neither the men nor the money to do. Our church in Roanoke has had a varied experience, and while results this year have been equal to what the nost sanguine would expect, yet it is apparent to each close observer that because of our location we can only work hard and expect but meagre results under existing conditions. We should build at another point if we are to grow or to even hold what we now have, and our people cannot do this unaided. A good class has been organized in Princeton, West Va. Our church once owned a lot in the heart of this rapidly growing young city which was sold for a few hundred dollars and after purchasing a lot far less valuable the remainer of the money was loaned to the trustees of another church in the conference for the purpose of building another church, and possibly no record kept of the transaction. Our work and people in all that territory was then dropped and while Bluefield with a population of 20,000 and

Princeton with 5,000 have been filled with other large, prosperous and apidly growing churches, composed partly of our own people our own hurch has only been standing still to see the salvation of the Lord." No definite boundary line has been established between our own and he West Va. Conference and as a result neither conference has cared or the intervening territory until recently our district has spread a wing lightly over a very small portion of it. It appears that the proper boundaries should be speedily determined and encouragement iven to these many loyal, but neglected Methodists.

At the present time our class in Princeton worships in a school house in the East Side. A lot can be purchased but our people cannot will without aid. A return of the loaned money really theirs would belp much. Our opportunity here is rapidly passing, as it seemed to be from us at Bluefield years ago. What shall we do?

My own work for three months of the year was divided between the fistrict and winding up the affairs of Beulah Orphan's Home. Acting upon the authority of the last session of this conference the property was sold and the indebtedness paid, (see report) I have also been omewhat hindered by family afflictions but have held seventy-one quarterly conferences, one district conference, helped some of the prethren in revivals, dedicated four new churches, raises about \$1,000 before dedicating them, have traveled about eight thousand miles doing my work, preached 245 times, have helped some of the pastors with their benevolences and salaries and have sought in every way known to make it easier for our poorly paid pastors to do the work more effectively, and hold both pastors and people in more loving attention with our great church.

PEACONESS WORK

There is nothing in Mcthodism that more clearly reflects the enus and spirit of primitive Christianity than this work of the eaconess. It is cause for thanksgiving that so many talented and complished young women annually dedicate themseves for this name work.

While as a church we have been somewhat slow to perceive the elds of peculiar needs where a deaconess may alone accomplish the est results, now many new phases of social service are taking on ew life under her gentle administration. There are but two

deaconesses within the bounds of the Holston Conference—Miss Saunders, who has served so admirably the First Church in Knoxville and Miss Newman, of the Traveler's Aid at the Southern Station in Knoxville. There seems to be a need of a Conference field worker who might begin the building of a few city missions, to do in mining camps a work among women and children, thereby supplementing the work of our devoted pastors in such places. We believe the churches may do much to stimulate in young women a desire to equip themselves for this ministry that has so many phases, the education work among orphan children, saving the wandered, helping the sick, the sorrowing, the prisoned the hungry— in fact becoming true missionaries of the cross of Jesus Christ.

CONFERENCE MINUTES AND THEIR PUBLICATION

Our pride should be to have a conference journal up to the standard. The publication should be executed with all promptness. Its publication is a matter of self-defense. All other causes would suffer without it. But this requires funds, and the conference should make a business-like provision for the raising of the same.

Therefore, Be it resolved, That we need \$400.00 for the annual publications and that this amount be apportioned to the several districts by the district superintendents and the pastors be urged to raise the apportionments to their charges, and that said amounts be sent to the secretary of the conference previous to the sessions, securing from him vouchers for the same.

AMERICAN BIBLE SOCIETY

Inasmuch as the American Bible Society is one of the great forces in modern evangelical Christianity, and one of those benevolent institutions which has aided most effectively in the establishment and growth of the Church of Christ in our beloved country, we have noted with interest the fact that five or six thousand churches have made it a point to emphasize the Tercentenary of the King James Version of the Bible, and probably many more have joined in the celebration without announcing their participation in the great national movement.

In many of the larger citics important gatherings took place and

addresses were made which produced a profound impression upon the hearers.

Therefore, Be it resolved, That we most heartily express our deep and profound appreciation of the word of God and the interest that is being taken both in giving and receiving this blessed truth.

REPORT ON THE EPWORTH LEAGUE

We hereby record our gratitude that the League continues to affold instensing evidence of its providential adaptation to the work of the Church among young peole under the present difficult conditions. We congratulate the Church that the Epworth League is yet growing in numbers and still more in achievement. Wherever a local chapter has the support of a sympathetic pastor it becomes one of the most valuable resources of the Church.

The complete reports of last year show a strength of 14,363 senior chapters with 604, 258 members, and 6,253 junior chapters with 235,066 members, a total of 20,616 chapters and 839,324 members. Although the League is so extensively organized throughout the Church, it made a net gain of 154 chapters and 5,636 members.

The advance in Bible Study last year was 60 per cent over the

previous year.

During the year, under two new Secretaries for foreign mission fields, the League has put at the command of the Church for the first time literature for the systematic Christian instruction and training of the young people of our Spanish speaking missions, and it has translated and published literature for a similar use in languages

spoken by over 200,000,000 people in India.

Notwithstanding the larger activities represented by these facts and the increased work and expenditure at the Central Office, the League has continued to maintain self-support. We urge our pastors and Chapters everywhere to cooperate in the improvement and extension of League work and to meet promptly and in full the dues for the financial support of the Central Office that the growing opportunities may be successfully and fully met.

FREEDMEN'S AID SOCIETY

(1) The Freedmen's Aid Society is the Methodist Church at work solving the Race Problem in the South, through Christian education. Out from its twenty-three schools and colleges, with their 508 teachers and over 7,000 students, must come each year Christian ministers, physicians, teachers and industrial leaders for the ten millions of our colored population.

(2) On account of the growing needs of these schools for increased buildings and equipment, the pressure on the Freedmen's Aid Society

for funds is unusually great at the present time. A boys' dormitory at Philander Smith College, Little Rock, Ark., and another at Wiley University, Marshall, Texas, are unfinished and unoccupied for the lack of funds. The girls' dormitory at Walden University, Nashville, Tennessee, burned seven years ago and has not yet been replaced. The Board makes special appeal for funds for this building, sincerely hoping that it may be built during the current year. One wing of the new hospital at Meharry Medical College, Nashville, Tennessee, has been built at a cost of \$15,000, almost all of which was contributed by graduates of the institution. The remaining wing ought to be completed at once. The life of Flint Medical College, New Orleans, La., is dependent upon the erection of a new hospital within twelve months.

(3) The annual revival of religion is considered in these schools as much a part of the work of the year as is its literary, or industrial work. In this way the physical, intellectual and spiritual needs of the race are being supplied. Most of the young men and women who come to these schools are converted and go out to be the leaders of the religious life of the communities where they live.

(4) The General Committee has made the apportionment \$250,000, or ONE-SIXTH of the apportionment of the Foreign Missionary Society. Of this amount the apportionment to your conference is \$1,510. Please insert this amount in your report to the conference in order that it may go into the Minutes for future reference. Please also notify the Secretary of your Board of District Superintendents of this apportionment.

(5) Your committee would call the attention of Holston Conference to the rare opportunity afforded for the presentation of the work of the Freedmen's Aid Society on Lincoln Day Programs and other literature prepared by the Board will be furnished to the pastors free

on application.

A. R. Lambert, C. H. Myers, J. G. Cairns.

TEMPERANCE

Temperance in its broadest interpretation implies the complete subordination of the animal nature to reason and an enlightened conscience, the bringing of our appetites, passions and emotions under control and submission, together with a healthful appreciation and use of all the necessary articles of diet. It likewise requires the total abstinence from all hurtful stimulants, especially distilled and fermented liquors.

The Methodist Episcopal Church stands, as she has always stood, for the complete, absolute and unconditinal overthrow and prohibition of the liquor traffic both as to its manufacture and sale in all the world.

We heartily commend the efforts being made to eliminate the problem of prohibition from partizen politics and by so doing unite all the temperance and prohibition forces under one glorious banner. We congratulate our country and rejoice with every lover of civic righteousness in the great tidal wave of temperance reform spreading over our country, purging our political parties, revolutionizing the marts of trade, and giving moral support to our own courts or justice which have the protection of life and liberty in their hands. Above all we rejoice in the advance steps taken by our own beloved Tennessee, in passing a state wide law prohibiting both the manufacture and vending of intoxicating liquors within her borders. Virginia and West Virginia are passing local option laws and state wide prohibition laws. We would not, however, ignore the fact that State-wide prohibition with as is an experiment and that the enemies of righteousness are alarmed at our heroic measures and are by every honorable, or dishonorable nethod known sceking to undo what has cost the friends of righteouscess and morality years of anxious labor and sacrifice, well knowing hat unless they can succeed while prohibition is in its experimental tage, that it will be difficult in the future to overcome an enlightened public sentiment: therefore:

Resolved: That as members of the Holston Conference we will vote for no candidate to represent us in the State Legislature in the future who is unwilling to commit himself not only to the defense of our present state wide prohibition laws, but also to so amend those laws, to as to secure the best possible government and the absolute prohibition of the liquor traffic.

Resolved: That we express our disapproval of the action and speech of Secretary Wilson of the Agricultural Department of our Government, in accepting the chairmanship and presiding over the Brewer's Association in Chicago, and reflecting on and hindering the prohibition movements in our states.

Resolved, That we will aid in the promotion and cultivation of public sentiment against the evils of the liquor traffic until it shall be mpossible to restore the open saloon, or sell the vile liquid clandesinely.

Resolved: That we appreciate most heartily the self sacrificing work of the Arti-Saloon League in this great movement of moral and ocial reform and that we will set apart one Sabbath day this Conference year, as the Anti-Saloon League recommends, for the discussion and moral support of this great work.

Resolved: That we sincerely believe that it would have been impossible to have achieved the glorious victories so dear to every christian heart without the cooperation of the Womans' Christian remperance Union, which organization has always led in every temperance or prohibition movement.

G. W. Coleman.

SUNDAY SCHOOL MISSIONARY

Mr. President and Brethren: I am closing out two years work as Sunday School Missionary for the Holston Conference, by episcopal appointment.

The items in this report embrace only the work done in this past conference year. It is important for us to remember that this being the first appointment of its kind in the conference, my work has largely been a kind of 'pioneer work,' or mapping out the way by which others may come on in later years. Generally speaking, I have done some of about my kind of work during the year that ordinarily falls to the lot of the average pastor. In the way of public services I have made about one hundred and fifty addresses, sermons or lectures on various subjects and Sunday School topics. Besides speaking and lecturing on various phases of the Sunday School work, I have assisted in revivals, on funeral occasions, at dedication of churches and have assisted the superintendent in quarterly conferences and communion services.

One of the greatest benefits of the work of the Board of Sunday Schools to the present situation in our churches, is that of focusing the attention of the church on the child life as the great store house of resources for the future church. "There is a lad here," and he has in him all the potential possibilities out of which a mighty militant army for righteousness must be moulded for the church of tomorrow. With this thought in mind constantly I have with my best endeavors tried to emphasize this with the people where I have had opportunity. I have continuously combatted the false idea that the lad or youth has to be 'perverted' before he can be 'converted'! In carrying out this general plan I have tried to be present at every place and to accept every invitation I could where opportunity was given to talk better Sunday Schools, larger interest, better teachers, more efficient organization and larger sympathy for childhood and youthhood by the adult life in our churches.

In furthering the interests of my appointment I have touched more than sixty points, some of which are in each of the seven districts in Holston Conference, and six of the number in two other annual conferences. During the year I have personally directed the organization of six new schools, have sold twenty-six volumes of Sunday School workers study books, collected \$35.50 for the Board of Sunday. Schools, have assisted at the dedication of four churches and at these occasions helped to raise more than \$1,800 to apply on our indebtedness against churches. In addition to these general items, I have held or assisted in about twelve Sunday School institutes and conventions during the year, on these occasions I have tried to be helpful to teachers, and workers, by giving lectures and talks on the various problems of organization, grading, the graded lessons, the teachers' problems teacher training methods, material and efficiency. In carrying out such

lans as a broad gage platform would naturally suggest the territory slarge, and the needs so varied, that it is impossible to follow connuously any one line of work for all places.

While there are places where organization is needed, yet these are argely already under observation by the pastors in such localities; nd in a field so thoroughly covered as the Holston territory is by erhaps a greater variety of religious services and denominational ctivity, than any other portion of territory of similar size in the United States, it seems to me the greater and more permanent service or us lies in the increase of our efficiency in what we already nave. If we are as intensive as we ought to be, our extensive disposition will develop as rapidly as we can well sustain.

There are thousands of our people who are not yet enrolled in the schools where they live and these must also be converted to the gospel of Bible study, character development and Christian service and sacrice. In the early spring I was entrusted by the Board to attempt he visitation of thirteen district conferences beginning on the 16th of June. So from the 16th of June to the 15th of July inclusive visited three district meetings in Central Tennessee Conference, hree in Blue Ridge and the seven in the Holston Conference. At all hese places, I had ample opportunity to present such phases of Sunlay School work as seemed best, and at every point myself and the various other brethren who were in the party, were received with great cordiality and enthusiasm.

R. L. Stapleton.

BOARD OF SUNDAY SCHOOLS

We desire to record our continued loyalty to the cause of the children and youth of our Holston territory in our Sunday Schools. Our Board of Sunday Schools is continuing to prove the great value in its creation by a remarkable increase of interest in the study of the Bible throughout the connection.

We hereby endorse the action of the Board in giving our Conference a special worker. We pledge ourselves to use our best endeavors to raise an apportionment of one and one half per cent of ministerial support for the furthering of the interests of this work the coming year.

EDUCATION

The Theological Schools

We are glad to learn that our Schools of Theology at Boston, Drew and Garrett, are entering upon a most promising year. There will be one or more students from the bounds of our Conference in each of these schools. We sincerely hope and confidently expect that these young men will return to this field when they shall have completed their training.

Our Secondary Schools

Murphy Collegiate Instistute, E. F. Goddard, principal.

Since the opening of our last conference year Murphy College has had one of its most prosperous years. Four hundred and fifty six students were enrolled in all departments. One hundred of these expect to teach in the public schools, thus offering a great opportunity to our Christian institution for religious training. Last year we added one extra teacher to our faculty, thereby increasing the efficiency of the work. The needs of our school were presented to eleven of our churches and they responded generously. Some gave pledges extending over a period of five years. The school's regular income does not meet the running expenses and our people should aid these preparatory schools by patronage and gifts and thus lay the foundation for our great central University at Chattanooga.

We have just completed our new primary building and this will chable the school to care for at least six hundred students. We need \$800.00 to meet our current expenses for the coming year and \$200 for furnishings for new building just completed. The public schools of Sevier county are only five months each year and nearly eight thousand five hundred young people of free school age reside in the valleys and mountains of this county, thereby offering rare opportunity for a preparatory school with proper equipment. The prospects are flattering for the coming year, our enrollment has reached 284, but our motto is "500 before the year closes."

Wesleyan Academy, Prof. Geo. M. Middleton, Principal. Rev. F. M. Cones. Field Agent.

During the past academic year, the school has enjoyed an encouraging degree of success.

At the opening of the present scholastic year some changes were made in the faculty, one of which was the election of Prof. Geo. M. Middleton principal, who had previously been an instructor in this

school. At the beginning of this school year, the enrollment of students surpassed that of any opening of the school year in the history of the Academy. The number admitted up to October 20th is 175. Judging from the present outlook it is confidently expected that the number of students admitted this year will be in excess or last year's record. Every room in the dormitory, Fisher Hall, will be occupied by the close of the term. The school under the leadership of Prof. Middleton, with five faithful associate teachers, gives evidence of efficiency in instruction in all the departments. Most excellent facilities for training in vocal and instrumental music are here afforded. The students are under the special watch-care of the faculty, and the best deportment is required of them. The field agent has, during the past year, made frequent itingraries in the interests of this school, through its patronizing territory, with encouraging results.

Oaklard Saminary is located at Baileyton, Tonn., it has advantages of location rarely surpassed. Baileyton is fourteen miles from the great highway passing through Greeneville, the county seat of Greene county, and it is connected with Greeneville by a well graded road. Nine rural mail routes, having an average length of about twenty-five miles, extend from the post-office in Baileyton and the seventeen telephone lines radiating from Baileyton, bring it in close touch with all points in the county and many places in adjoining counties.

The school is under the principalship of Prof. W. Scott Lamb. The assistants and competent instructors. The school be located among loyal Methodists and numbering as friends many Baptists and Presbyterians, the attendance is large. The buildings are valuable, well equipped and in good condition. We have a library but need laboratories. The school has been in session as long as eight months annually about thirty years. We are encouraged to look forward to promising results this year.

A. B. Wright Institute, F. H. Carey, Principal.

Some changes have been made in the work of the A. B. Wright Institute this year due to the increase of interest. The enrollment last year was 115 pupils, therefore it being impossible for two teachers to do the work thoroughly the Board of Education saw fit to provide for the third teacher this year. Permanent arrangements were also made for a music teacher.

The A. B. Wright Institute opened August 7th, with an enrollment of 90, the outlook for the school has never been brighter than now. Our people are deeply interested in education. The property is valued at \$5,000 and is in good repair. The school congratulates itself on receiving from \$4,000 to \$5,000 gift from the estate of Mr. John Tattersal. The supporting of this school means the maintaining of our Methodism in this splendid mountain section.

The Board of Education

The Board of Education of the Methodist Episcopal Church has

administered a student fund for a good many years. This money has been raised chiefly by the children's day collection. More than 20,000 young Methodists have been aided in securing an education. Pastors who give prominence to Childrens' Day are helping Christian Education.

The Board of Education now has additional responsibilities of more directly aiding our schools and colleges. The schools of our Conference receive direct supervision and financial aid from the Board of Education. This fact should quicken our zeal for the educational collection to be taken in our charges. We should sincerely endeavor to meet the request of the Board, by raising a collection equivalent to twenty-five cents per member for general education. Eighty per cent of which would go direct to our conferences schools, and the remainder to the Board of Education.

We are glad to report progress in the effort to correlate and standardize the schools of our church in this section. It is of the utmost importance that every District Superintendent and pastor cooperate heartily with the secretary of the Board of Educaion and the Committee on Southern Schools in the realization of this desirable end.

University of Chattanooga-Assets and Liabilities

At Chattanooge the institution owns, approximately thirteen acres of improved property, located in the heart of the best residential section of the city. On this property there are at present three buildings; the main building, valued at \$63,000; laboratory building, valued at \$30,000; and the President's residence, recently completed, valued at \$20,000. At Athens the University owns twenty acres on which six good buildings have been erected at a cost ranging from \$3,000 to \$25,000. The real estate and buildings are easily worth \$500,000. The institution has a permanent endowment fund of \$238,000, of which \$225,000 is productive, the remainder being on the annuity plan. There is a bank indebtedness of \$45,000, with no other outstanding financial obligations. The student enrollment this past year was 408.

New Buildings Needed New

There is immediate and pressing need of additional buildings and equipment in order that the demands of this growing institution shall be met. The constantly increasing attendance means that facilities must be provided to carry on the work of the institution in accordance with its enlarged opportunities for service. New buildings are needed now, the most essential being a Hall for young women and a Dormitory for young men; a Library, a Chapel, and a Gymnasium. The present accommodations for young women are unsuitable and thoroughly ina equate. A Dormitory for the young men is quite as essential, the quarters which they now occupy being needed for other purposes. A well arranged Chapel in which the public exercises of the school may be held, such as the regular morning devotional excommencement week, must be provided. A modern Library building

ercises, lectures, contests in oratory and debate, and the exercises of with a large reading-room is a part of college equipment without which no institution can hope to accomplish the best grade of work; and a well equipped gymnasium is need to provide for the physical raining and development of our students. A Gymnasium, and a Dormitory for young men should find a place on the campus of the Athens School in the near future.

Here, then, is an opportunity for the Christian philanthropist. Build a monument which shall not only be pleasing to the eye, but which shall serve a useful purpose as well, a monument which shall attract not only the gaze of the casual passer-by but which shall tand as a helpful landmark in the memory of generation after generation of students.

The college at Chattanooga has entered the most promising year of its history. All the preparatory schools of the city are represented in the entering class, as well as our schools at Athens and Chuckey. A large class was graduated last June, all the members of that class are either occupying important positions, or pursuing advanced studies.

High Standard

That our enrollment is not larger is nothing against the usefulness of the institution; it must necessarily be so until more students are prepared to enter college and better prepared. A small college too has great opportunity to quicken the individual life—more so than he large college.

There is not only room but need for the University. In the whole tate of Tennessee there are only three other colleges or Universities whose grade of work is high enough to admit them to the Southern Association of Colleges and Preparatory Schools.

A Strategic Point

The University of Chattanooga is situated in the largest manufacuring and railroad center in the South. It is also the center of a erritory of hundreds of square miles in which are thousands of young nen and women who would be absolutely unable to go to college uness while there they have some means of self-support. For teaching this large class of young people there is no institution so favorably situated as this one, for in no other city of the south are there so many opportunities for finding employment as in Chattanooga. Through its feeding schools scattered through Georgia, Alabama, Florda: A ississippi, Tennessee and the neighboring states, this University is already reaching them, but with an ample endowment her possibilities for good would be immeasurable.

Quality of Trustees

The quality of the men who compose the Board of Trustees is exeptional. Many of these men are the most enterprising and representative citizens of Chattanooga and East Tennessee. They are vithout question the leaders in commercial and professional life.

Among them are men who are or have been in high positions in State and National Government. These men represent all the leading churches and political parties. Some are on committees or boards directing the whole educationly system of the Methodist Episcopal Church, which comprises fifty-four colleges. By their large acquaintance with affairs, commercial, political, ecclesiastical and educational not only in the state but throughout the union, a broad and wise posicy in a large sense is assured.

THE ATHENS SCHOOL

The Athens School of the University of Chattanooga is located at Athens, Tennessee, midway between Chattanooga and Knoxville, in the very heart of the Southern Highlands. It is in easy reach of North Alabama, North Georgia, and the mountainous sections of North Carolina, East Tennessee, Kentucky and Virginia.

Location Attractive

In this growing little city of about three thousand inhabitants, there has been a Methodist College since the Civil War. It is well known through the mountains as a school center. for a generation it has been an educational center for the Methodist Episcopal Church. Many of the influential ministers and laymen of this church have attended school at Athens, or have sent their children there. As this church is numerically strong throughout the hill country of this section, it is very plain that the location is ideal. In many of the more remote communities, Athens is the only school known. For healthful surrounding, central location, and for historic setting, no place in all the southern mountain region can surpass this town as a location for a high-grade preparatory school.

Where The Need Exists

While boys and girls from the well-to-do home come to the Athens School and will continue to come, the training of these is not the great and unique work of this school. The sons and daughters of the well-to-do families can get their training elsewhere. But there are thousands of young people, in easy reach of this school, through whose veins flows the purest American blood, possessing intellectual and moral possibilities of the highest qualities, who can never get even a common school training unless they are helped. The public schools are open only a few months in the year, and the salarics are so small that competent teachers cannot be secured. In many communities there are no schools.

An Opportunity for Service

The parents are too poor to send their children away to the towns and cities, and the door of hope, for so many is closed. These boys and girls are not beggars or weaklings. They are willing to work and ambitious for an education. But if they leave the mountains and go to the cities for work, knowing no trade, the time for an education.

on will pass before they can lay by enough to pay board and tuition t school. They will become discouraged and join the ranks of our reat army of illiterates. The pathetic situation of these noble and mbitious Americans, deprived of an education by no fault of their wn, should stir the heart of every philanthropic patriot.

The present school year has opened most auspiciously. The enollment is about the same as last year. The percentage of sub-prearatory students is smaller which indicates that our phblic schools re doing their work more satisfactorily. Under the direction of Dean Sansell and an able faculty, the year is full of promise.

Our Present Task

The Board of Education of our own church has been helping most enerously in meeting the annual expenses of our institution. But he time has full come, when we must secure such an increase in our ermanent endowment that the Board of Education may be able to telp our academies more adequately.

The following challenge from the General Education Board of New York, which was duly accepted by the Trustees of the University, ays upon us a great task, and confronts us with one of the most imperative opportunities we have ever had for the promotion of Christan education.

The Challenge '

The General Education Board will contribute from the income of he John D. Rockefeller Fund for Higher Education to the University of Chattanooga, located at Chattanooga, in the State of Tennessee, for the purpose of Endowment of said institution, and to be invested and preserved inviolable as such the sum of one hundred and fifty thousand dollars (\$150,000;

Provided, that on or before November 1, 1912, a supplemental sum of not less than three hundred and fifty thousand dollars (\$350,000) shall be contributed to the University of Chattanooga, in cash, or pledged to the same by good and responsible persons in legally valid subscriptions, all of the provisions of which are satisfactory to this Board, payable in cash or not more than five equal annual installments, beginning not later than December 1, 1912.

This is a large offering to our denominational institution. It puts a premium upon every dollar contributed by others. Naturally the Dist t Superintendents and pastors of this conference will be expected to lead in securing the money necessary to make this gift available. No action can have so much influence in making this undertaking successful, as the unanimous and enthusiastic co-operation of the members of the Holston Conference. Our interests are vitally related. The success of our educational enterprise means strength and progress for all our churches.

Therefore, Resolved that we heartily endorse the movement to secure \$500,000 for the University of Chattanooga during the coming year according to the plan entered into by our Board of Trustees,

and that we pledge the Board and executive officers our heartiest co-operation in bringing the undertaking to a speedy triumph.

FOREIGN MISSIONS

The supreme need of the church of to-day is for a larger vision; a vision of our responsibility to the heathen world; of our own glorious opportunities to enter into the open door of the nations of the world; our resources—the real key of the sit ation, and through which we may alone hope "to bind the whole round earth in chains of gold about the feet of God."

Our reports for the year are reassuring, but the Macedonian cry "Come over and help us," never was so loud, never so insistent, never so heart thrilling.

With music in the tramp of the armiesof "Brotherhoods," "Lay men's Missionary Movements" etc. Music such as must make the Redeemer glad.

Let us help to swell the chorus triumphant, until every Sabbath school—the recuiting station and educational center of Methodism—and the last member of the church, in consecutated offerings shall have the final Te Deum of a redeemed world.

The dissemination of missionary intelligence—the presentation of facts that are big with meaning—that throb with significance; the intelligent marshalling of all the forces, from the kindergarten to the gray beards—this is the biggest job ever undertaken by our grea Church—and Christ leads the way.

What an age is ours, what a heritage is ours, what a God is ours—what a triumph awaits us, if we do our best in our day and generation

This report is an exhortation—and the real exhortation is a re-eche from the skies—the pleading of the Leader of the hosts—and we dare not do less than heed the exhortation.

CHURCH LITERATURE

Resolved, that we heartily congratulate the Book Concern on the high character and variety of the literature coming from its presses and on the financial success which has characterized its work during the year. Inasmuch as the Conferences of Methodism are the beneficiaries of the profits of the Book Concern we hold it to be the duty of every minister to do all he can to bring our rich, elevating and desirable literature to the attention of the people under his care.

Reselved, that we rejoice in the suprising success of Samuel H. hompson, the business manager of the Methodist Advocate Journal his laborious work of increasing beyond any former number the st of subscribers. The persistent labor of Mr. Thompson is worthy f all praise and we call upon all our people to aid Mr. Thompson reaching the 10,000 subscribers he has set for his goal before next ay. The Methodist Advocate Journal is a necessity to our whole ork in the Central South and we heartily congratulate the editor, the ev. J. J. Manker, D. D., in his successful endeavor to meet the varied eeds of the church in this growing section.

R. J. Cooke E. Omohundro M. P. Murphy.

REDISTRICTING THE CONFERENCE

Whereas, Our work in the Holston Conference is everywhere conconted with peculiar difficulties, and more especially so in the smaller owns and the country charges; and,

Whereas, Many of our charges are served by "Supplies", and many thers by pastors of limited experience and education; and,

Whereas, These conditions demand in all such charges the frequent ounsel and constant inspiration of wide-awake and capable leaders nd,

Whereas, The larger the number of charges in the district the more mited must be the time and the more inadequate and the more unatisfactory the service which the district superintendent will be able give each charge in his district; Therefore,

Resolved, That in our Godly judgement the best interests and the argest possible success of our work demand that our districts be so ar reduced in the number of appointments of which they are comosed that each district superintendent may be able to devote one full Saturday and Sunday to each Quarterly meeting on the several ciruits and the several smaller town charges; and Further,

Resolved, That we most respectfully request the presiding bishop o give this expression of our best judgment his favorable considertion, and that if he can so agree in judgment with us that he form he districts in harmony with this our earnest solicitation.

All of which is most respectfully submitted.

MEMORIAL TO GENERAL CONFERENCE

Resolved: By the Holston Conference in regular session assembled n the city of Knoxville, that our ministerial and lay delegates to the lext General Conference be, and they are hereby requested to use heir best endeavors to effet such legislation as will secure for our conferences and districts a more definite and business like supervision and administration both on the part of the district superinendent and by the bishops in charge of the several Conferences.

B. M. Martin
J. G. Cairns

PRESIDENT W. H. CRAWFORD, D. D. LL. D.

Resolved: That we appreciate the visit and address of Presiden Crawford, who represented the Board of Education before the Conference. His discussion of the problems at College was unusually clear, forceful and eloquent.

W. S. Bovard F. M. Cones

RESOLUTIONS

Resolved: That we hereby express to the people of Knoxville our very great appreciation for their unbounded hospitality, to the pastor of Trinity church and his committees for their thoughtful provision for our comforts, to the secretaries of the conference for their faithful services, to the East Tennessee and People's Telephone Companies, to the railraods, the press and the post-master at Knoxville for many courtesies:

Resolved: That we do hereby express our appreciation and love for our resident bishop, Wm. F. Anderson, whose toil and labors among as have elicited the unqualified admiration of all people. Earnest devoted and unremitting in his episcopal duties, personally acceptable to preachers and people, we cannot but feel a deep personal interest in his welfare both as a minister of Christ and a servant of the Church, and we pray that the blessings of God, our Father, may ever be upon him and his family.

Robt. B. Stansell, Chairman, O. R. Tarwater.
